Dear Sir:

I should like very much to add my expressions of gratitude to all of those you have already received from YPO members. Your contribution to the program of our University for Presidents was indeed enormous.

Since the main purpose of this annual conclave is to open minds and then to challenge them to think through their newly discovered or underscored responsibilities, we may, with great satisfaction, say with reference to your participation in San Juan -- mission accomplished -- well done!

May we add another observation on the broader scene of our national and international life. Since I first met you in 1948 at Walter Wheeler's home in Stamford, Connecticut, I have followed what could be known of your performance in the public service. Because, as one citizen, I have been so aware of our good fortune in this regard, I deplore the current display of practical political, tactical maneuvering which seeks, at any price, a satisfaction on the altar of public opinion for the sins of the tribe.

With these things in mind, may I again tell you of our most profound gratitude for brilliant "services rendered" for the benefit of us all.

Sincerely,

Walter Raleigh

Dear Allen:

The seventeenth annual Washington Conference, at which the President and several leading officials of his Administration will speak with some 200 leaders of industry and mass communications, has been scheduled for June 5 and 6.

The Council will be host at a dinner for the conferees on Monday, June 5, in the Statler Hotel. We cordially invite you to attend the dinner as an honored guest.

Instead of having a single speaker, Honorable Edward R. Murrow, Director, U. S. Information Agency, and some of the key men on his staff will discuss our information and propaganda problems in several areas of the world.

I hope very much that you will find it possible to send us your acceptance.

Sincerely,

Ted
